Submitted to the Government.

2. The seized stocks of rice are reported to have been delivered to the South Kanara Central Cooperative Wholesale stores by the anti-smuggling staff during February to April 1953 at the notified rate of Rs.14.0.0 per mura. The orders issued by the Board regarding collection of differential cost on such seized stocks are contained in L.Dis 74594 UII/53 dated 31-7-1953 item (1) extract enclosed). The Collector reports that prior to the receipt of the Board's orders the stores issued a quantity of 179-2-9 muras of IInd sort rice at the notified rates (Rs.14/- per mura plus administrative surcharge and subsidy surcharge.) The stores object to the payment of differential cost on the ground that the stocks were sold at the old rate instead of at the pool price as there were no definite instructions. Though the stores should not have released stocks without getting the release price refixed by the Collector, the mistake is stated reported to have occurred due to mis-interpretation of the rules by the stores that the pool rate applies only to imported stocks. In the circumstances reported by the Collector of South Kanara in his reference cited, the Board accepts this recommendation and requests Government sanction to waive the recovery of differential cost of Rs.220-2-8 on the said stock.

Sub: Civil Supplies - Paddy and Rice- South Kanara district- Smuggling - Seizures effected - Collection of surcharge - Instructions.

Read: From the Collector of South Kanara Ref. C. No.2140/53 -P3 (ii) dated 25--5--1953, Ref. No. 6236/53 P1 dated 21-6-1953 and 18-7-1953.

In his reference cited, the Collector of South Kanara requested orders on the following points:--

1. Whether the difference between the purchase price and the Pool Price should be collected in respect of stocks seized by the Anti-Smuggling staff and handed over to the S.K.C.C.W. Stores.

The Board has carefully examined all the above points and issues the following instructions.

Item 1. The stocks of rice and paddy seized by the Anti-smuggling staff are reported to have been delivered to the S.K.C.C.W. Stores after collecting the costs on the basis of the notified rates for the district. If such stocks remained with the Stores on the date of giving effect to the pool prices, the difference between the wholesale price based on the pool rates and the rate at which cost was already recovered from the Stores should be collected from the Stores.

CIVIL SUPPLIES - Local rice and paddy - issue of to retailers by S.K.C.C.W.Stores, Ltd., Mangalore during the period from 1-2-53 to 28-6-53 - non-collection of differential cost - waiver of - requested.

Ref: 1) Board's Ref.No. 188949.U1(2)52-C3 dated 31-1-53.
2) Board's L.Dis.74594/UII/53 dated 31-7-1953.

--oOo--

Orders regarding the fixation of pool prices for imported rice and collection of differential cost for stocks procured under levy procurement order were communicated in the Board's reference cited first above. However no definite instructions regarding the collection of differential cost on local rice seized by the anti-smuggling staff and delivered to the S.K.C.C.W.Stores Ltd., Mangalore under the orders of the court were laid down in the above Board's reference. Hence in this office letter Ref.C.No. 2140/53-R3(11) dated 25-5-1953, Board's instructions were solicited regarding collection of differential cost between the purchase price and pool price in respect of stocks seized and delivered to stores by the Antismuggling staff and the Board in its L.Dis.74594.UII/53 dated 31-7-53 ~~by the Antismuggling~~ issued orders directing the collection of differential cost on such stocks also. But prior to the receipt of Board's orders a total quantity of 179.2.9 muras of local II sort rice were issued to the retailers at the notified rate plus administrative surcharge and subsidy surcharge by the S.K.C.C.W.Stores. These stocks were delivered to the stores by the anti-smuggling staff in the months of February to April 1953 at the notified rate of Rs.14-0-0 per mura.

Soon ~~after~~ after the receipt of Board's orders, the stores were directed to pay the differential cost due to Government on 179-2-9 muras of rice at the rate of Rs.1-3-7 per mura which has been worked out as per details given below.

1) Pool rate per maund of I sort rice during the period from 1-2-54 to 28-6-54.		16-12--0
2) Pool rate per mura of 42 seers(one mura) is equivalent to 1.05 Imp.Mds.		17--9--5
3) Notified purchase rate per mura	14-0-0	
subsidy surcharge collected per mura.	2-5-10	
	16-5-10	16--5-10
4) Differential cost per mura.		1--3--7.

P.T.O..

The President , S.K.C.C.W.Stores, Ltd., Mangalore objects to the payment of this on the ground that the stocks sold at the old issue rates collecting the usual administrative and susbsidy charges and that there were no definite instructions that they should be sold only at the pool prices. But he should not have released the stocks without getting the release price refixed. However as the mistake occured due to mis-interpretation of the rules by the Stores, that the pool price applied only to imported stocks, I request that the sale of 179.2.9 muras of local II sort rice at the notified issue pirce plus the usual surcharges by the S.K.C.C.W.Stores, Ltd., Mangalore may be approved and the collection of differential cost of Rs.220.2.8 on the above quantity of rice at Rs.1.3.7 per mura may be waived as a special case.
